

Renault Recommendations

We are pleased to introduce the updated list of Hofmann recommended products for Renault dealers that includes wheel balancers, tyre changers, wheel aligners and lifts.

The machines are technically identical to the Hofmann standard configurations, except for the colour which is RAL 7040 (window grey).

Renault workshops can place orders or request a quotation for the machines directly through <http://www.renault-equipment.com>

For more details and information on the features and benefits of the Renault listed products visit Hofmann website: <https://eu.hofmann-equipment.com/en/products/oem/renault>

Product name	Hofmann p.n.	Renault list no.		Colour
